All Welcome.

President's Corner...

Greetings LCKC Members!

Our busy July show month is over. Both shows were a great success! Thanks to all our volunteers, exhibitors, and spectators. August is a nice break time, at least for LCKC sponsored events. Club members are keeping busy though with their own show season schedules. Hope all of you are out there getting points and titles!

Most of you were able to check out the colored LCKC logo T-shirts we had for sale at our shows and trials. I will also be doing a special order of club logo merchandise/garments in September. Club members will be able to provide or order jackets, shirts, vests, etc., and we will put in an embroidery/silk screen order at Sport and Cycle. Stay tuned for the order process.

Welcome to new club members Bonnie Price and Sherry Pavlich. New members, feel free to jump in and volunteer for any and all activities. Again, new members were active volunteers at the Agility Trials. We look forward to seeing you at the monthly meetings.

September is AKC Responsible Dog Ownership Month. The LCKC will be promoting Responsible Dog Ownership at the Farm Store Pet Fair on September 9th and at Woofstock on September 24th. We need a club member to volunteer to organize these two projects. Please, someone step forward. It is not hard; you just have to be able to make the time commitment. Those of you who are interested in volunteering to be the lead person and those who can come part of the time (and bring your dogs), let me know, and I'll at least get the thing rolling.

Remember to regularly check the club's website at www.lostcoastkennelclub.org for new items. Webmaster Jim keeps adding links. If you have any good ideas or links for the site, let me know. I have gotten several email inquiries from dog people who found us through the website! It is a great tool for communicating what our club is all about.

Keep in mind that club elections are coming up. Final nominations need to be in by the October meeting, with voting occurring at the November meeting.

Hope to see everyone at the August meeting.

JULY CONFORMATION, OBEDIENCE, RALLY WEEKEND

(Photos courtesy of Alice Oliphant and Alice Symons)

As reported in our last newsletter, our conformation/obedience/rally events were immensely enjoyed by all the exhibitors. Over and over again throughout the weekend, people were remarking upon what a great and friendly group we were and how very much they enjoyed their experience with us.

One woman told how she always makes the loooooong drive all the way up from Southern California because she knows she can count on having a good time in Ferndale. Others commented on how welcome they felt and how we somehow managed to provide an atmosphere more relaxing than they usually find at a conformation event.

A group from the Bay Area with a large breed entry said they are already planning on next year and hope to bring even more people with them! Still another competitor related how she always plans on coming up for our obedience trials here because of the guaranteed comfortable weather for herself and her dog. And many, many mentioned how much they enjoyed the opportunity to watch and participate in Saturday's lure coursing.

We had a last-minute change of food vendors, yet it turned out great. (And the new food vendor has already been booked for next year.) The merchandise vendors were interesting and varied in their offerings. The weather was cool...well, almost downright cold. And our raffle offerings were quite impressive. All in all, a very successful weekend which now seems so long ago.

We had so many spoken comments, so much verbal praise, but it was our agility trials three weeks later that brought WRITTEN pats on the back.....

LCKC 2006 AGILITY TRIALS

(Photos courtesy of Alice Oliphant and Deb St. Myers, for additional photos go to the club website at www.lostcoastkennelclub.org)

Thanks to Beverly Morgan Lewis for sharing a note sent to her and to our agility trial superintendent, Lorie Abbott, by a top agility competitor who has earned a lifetime achievement award in USDAA competition. Following are excerpts...

Dear Beverly and Lorie:

I just wanted to let you know how much I enjoyed my day at the Lost Coast agility trial. The venue was nice, the people friendly, the weather great. Flint and I celebrated his MACH4 by sharing an ice cream cone in downtown Ferndale. Then Pic celebrated his MXJ by going swimming with Alfredo's pack of BCs. And I celebrated with a nice dinner overlooking the marina in Eureka.

I had to ...drive home on Monday afternoon because Wes had left town, leaving Maddy, now enfeebled with heart and kidney disease, at home alone in anticipation of my return....

I regretted that I couldn't come back on Monday. I wanted to bask in the sun, and share Flint's AKC retirement with my corgi friend, Beverly, given that Angel and Flint were early comrades and I knew it would be a fun, small show.

...Thanks for the gaily decorated MACH bar and the especially beautiful rosette. I will treasure them.

And praise from the judge, too.... (e-mail sent to and shared by Beverly Morgan Lewis)

Hi, Beverly!

I had such a wonderful time this weekend! What a fun trial and great folks! The club did a great job with workers. (Not to mention the weather....ah, so nice - I am now back in the Fresno inferno!) I really want to come up there and compete and vacation - what beautiful country.

FAST is a blast!!! I love that game!

Also, please let Rose know that I REALLY enjoyed her company and her hospitality was great! I would love spending more time with her seeing the area. She could not have done a better job!

Take care!

Kera Holm

And from our Agility Trial Chairperson...

Our 2006 Agility Trial is now behind us, and I believe all will agree it was a success. Our entries increased more than 50% over last year!

I have so many people to thank that I don't know where to begin. A small core of people began working on the 2006 trial shortly after our 2005 trial ended. Irene Hetrick, Clare Freeman, Pat Stolte, Rose Kessler, Paula Cunningham, and non-members Sharon Kennedy and Kathy Pavlich, have served as our Agility Trial Committee for the last 2 years. Throughout, Irene has been my rock. Without her I don't think I'd be able to chair the event. She does so much, quietly, behind the scene. We wouldn't have been able to have a trial if it weren't for the generous loan of contact equipment by Sharon Kennedy, and she's not even a member! Between Sharon and Clare Freeman, they come up with the majority of our equipment rounded out by the rest of the committee.

Alice Symons inventories and orders ribbons. Because of our increased entry, we just squeaked by with enough ribbons, and Alice is already preparing an order for next year. Debbie Hopkins did a great job on publicity. It seemed like we were everywhere in the media that weekend. Debbie Enns made sure our judges had nice accommodations and that their needs were met. Rose and Dean Kessler again did a great job of making sure the grass was cut. Rose retrieved the judges from the airport, got them to and from the trial each day, and got them back to the airport.

Several members who don't do agility came out and worked all or most of the trial. Michele Dostal and her sister, Marcy Hancock, Diane Silva, Jill Otto, Elyse Kelly, Alice Symons, and Alice Oliphant were tireless. Nonmembers Joann and Eric Olson helped put up on Friday and take down on Monday. Out-of-towners Asa and Lynn Mosher of Covelo also helped with the tedious task of striking the equipment. Chris Irvin did an excellent job of Chief Ring Steward, plus she helped all the days she was there, and she was there til the bitter end. Nick Mendes moved the trailer there and returned it again. Former club member Terry Tonjes was a fantastic help. Deb St. Myers helped from start to finish...plus she and Alice Oliphant took pictures, printed them, and handed them out for free to participants. And Sharon Kennedy made over 300 packages of homemade dog treats to hand out to ALL the exhibitors!

Our judges, Kera Holm and Tammy Domico, gave us challenging courses and offered the FAST class as a demo event. And they were both generous enough to let me judge part of each day's runs. And again, what a great committee. Clare, Irene, and Pat building courses and schlepping equipment. Paula and Kathy riding herd on volunteers. And our Board and Officers have been supportive of the Committee every step of the way. In saying "Thank You," there's always the risk of leaving someone out. I hope I haven't done so, but if I have, I want to say one final "Thank You" to all those who helped or supported in many other ways.

If you haven't heard, we did face some challenges this year. After cows were let out on the Carnival Lawn during the wettest part of the winter, the field was pockmarked with what looked like post holes. When we felt like our concerns were not being heard, we went to the Fair Board. What a great group of individuals who give their time to matters related to the County Fair and its assets. By the first day of the trial, the grounds were not great but were far superior to what we were dealing with just a few weeks prior. We will start working with the Fair Board once they put their big annual event behind them to make sure our grounds are in good shape for the trial next year. And what is it with our luck with food vendors...Last year we had one last-minute cancellation. This year it happened twice! Mazzotti's came through for us. While the fare they provided was plain, I was glad that food was available for purchase at all. We also had an episode of dog-on-dog aggression. Never an easy issue to deal with, our Trial Secretary, Lorie Abbott, did an excellent job on advising on the process. I was glad that I had my Judges Guidelines with me for reference. Both owners involved in the incident couldn't have been more gracious.

If you're interested in the bottom line, come to the membership meeting on 8/16 in Ferndale. We'll be talking figures and making recommendations about next year.

DOGS... YOU JUST HAVE TO LOVE THEM...

LONDON - A guard dog has ripped apart a collection of rare teddy bears, including one once owned by Elvis Presley, during a rampage at a children's museum.

"He just went berserk," said Daniel Medley, general manager of the Wookey Hole Caves near Wells, England, where hundreds of bears were chewed up Tuesday night by the 6-year-old Doberman pinscher named Barney. Barney ripped the head off a brown stuffed bear once owned by the young Presley during the attack, leaving fluffy stuffing and bits of bears' limbs and heads on the museum floor. The bear, named Mabel, was made in 1909 by the German manufacturer Steiff.

The collection, valued at more than \$900,000, included a red bear made by Farnell in 1910 and a Bobby Bruin made by Merrythought in 1936. The bear with Elvis connections was owned by English aristocrat Benjamin Slade, who bought it at an Elvis memorabilia auction in Memphis, Tenn., and had loaned it to the museum. "I've spoken to the bear's owner and he is not very pleased at all," Medley said.

A security guard at the museum, Greg West, said he spent several minutes chasing Barney before wrestling the dog to the ground.

Need to Protect the Right to Own and Breed Never Greater

Message from Walter Bebout, AKC Canine Legislation Director

The introduction of crop and dock ban bills, breed-specific legislation, and mandatory spay/neuter ordinances is rampant across the United States. From Los Angeles County, CA, and Albuquerque, NM, to San Antonio, TX, and Louisville, KY, local governments are embracing mandatory spay and neuter ordinances as a panacea to deal with perceived pet overpopulation issues. So far in 2006 we have seen the consideration of an ear-cropping-ban bill in Vermont and the introduction of a crop-and-dock-ban bill in New York state. Breed-specific legislation, banning the ownership and/or breeding of certain breeds, plagues dog owners in scores of communities. The need for a resolute dog fancy committed to protecting the right to own and breed dogs has never been greater.

Our own complacency constitutes a serious threat to responsible dog ownership. It is all too easy for a dog owner involved in breeds not cropped or docked to have the view that crop-and-dock-ban bills do not affect them or their breeding programs. The same attitude can dismiss the relevance of breed-specific legislation if your beloved breed or breeds are not included in a proposed breed-specific ban in your community. Mandatory spay and neuter ordinances may provide exemptions, usually for "competition/performance/show" dogs, so again the outlook can be that "my dog is in a 'special class,' and my right to breed is exempted and protected under mandatory spay/neuter ordinances."

But exemption from mandatory spay and neuter requirements comes at a high price. Albuquerque, NM, requires an annual \$150 intact animal permit and a \$150 litter permit, while Los Angeles County, CA, features a \$60 intact animal license and a \$175 litter permit if you choose to breed a bitch. But the greatest cost to dog fanciers is not monetary. Instead mandatory spay/neuter and crop/dock bans and breed-specific legislation singly and collectively threaten the rights of dog ownership.

The menace of repressive dog legislation is not a complex issue. Instead it reduces to a simple question: Who should make the decisions regarding dog ownership and breeding -- the responsible dog owner or the government? If your answer is that owners and breeders should make those decisions, then every piece of negative canine legislation introduced becomes an issue requiring active opposition by everyone in the purebred dog community. The common bond between all dog fanciers is our love of the purebred dog. Dog fanciers have shared interests, and we also have a shared responsibility to protect the right to own and breed dogs.

Editor's Note: As this newsletter goes to press, Sacramento County is currently considering a proposed mandatory spay/neuter ordinance

In Memoriam

to the more than 50,000 innocent dogs recently murdered in China as an ignorant, uncivilized overreaction to a minor rabies outbreak.

The AKC has issued the following statement regarding this massacre:

Friday, August 4, 2006

The American Kennel Club® is highly disturbed by the reports from Shanghai, China of more than 50,000 dogs being massacred in reaction to a minor rabies outbreak.

All civilized nations in the world recognize the dog as a loyal and loving companion that deserves to be treated with dignity and compassion. The AKC® fervently urges Chinese officials to do everything in their power to ensure that this barbaric behavior is never repeated and to find an alternative solution to keeping its population safe from rabies in the future.
